- 1) Board meetings are held a minimum of 4 times a year and are open to all members. Meeting dates and times are posted on the club's calendar (typically, but not always, the first Monday of the month).

**K. Front Gate Protocol**

As learned from an incident when responders were delayed in arriving and hearing that they were not aware of the lock box and location of the key needed for entry, it was determined that keeping the gates locked during range use is not in your best interests. You may keep the gate locked if you prefer, but it is no longer required. If you are the last one to leave the grounds at any time, be sure ALL gates are properly locked.

**M. Lapsed Dues**

Annual membership dues will be invoiced in advance of and can be paid at the January General Membership meeting. Members will be given a grace period until March 31st. Past this date, dues are considered to be lapsed and the member must either (i) reapply for membership, or (ii) return their key(s)

Applicants for membership are required to complete the Safety Orientation Class before the Club can issue membership card(s) and key(s).

**P. Range Master**

The Range Master is the coordinator of all activities that involve the use of the shooting ranges, Club House and/or Range House. This includes IDPA, USPSA and Steel Challenge sanctioned events, CPL classes, training classes, special events, etc. The Match Directors for IDPA, USPSA, Steel Challenge and other sanctioned events answer to the Range Master. The Range Master reviews, approves and assigns Match Directors for all shooting range-related events. The Range Master has the final say in who will run shooting programs at the Club. The Range Master schedules use of facilities and ranges for commercial use, and awards RO/SO perks. Special uses of the range(s) require prior written approval by the Range Master.

**Q. Grounds Security**

All members are expected to help police the grounds. Any person on Club grounds who cannot produce proper identification must be asked to leave immediately. If in doubt, contact a Club officer or call the Romulus Police in an emergency. Portions of the grounds are also under camera surveillance.

- 11) Treat people like you would like to be treated.

**T. Progressive Discipline Program**

The Progressive Discipline Program ("PDP") provides direction regarding the correction of improper behavior and focuses on Club Bylaws and Rules. The PDP is designed to provide every member with objective, consistent and equitable treatment when faced with an issue or violation of the Bylaws or Rules. Multiple levels of progressive discipline help discourage repeat offenses by members.

Each member is responsible for following the Bylaws and Rules. If a member disagrees with a Bylaw or Rule, he/she should express this disagreement at a Board meeting following the proper procedure. However, all members are expected to comply with the disputed Bylaw or Rule until the disagreement is resolved, concluded and/or the disputed Bylaw or Rule is

changed. Every complaint, question, problem or suggestion will be considered and answered by the Board.

**Written Warning** (Documented) - Extension of probation for a full year if the member is still within the probationary period. For all other members, documentation goes on file.

**Second Written Warning** (Documented) - Member must appear before the Board at the next Board meeting. A 6-month probationary period will be issued.

**Final Warning** (Documented) - Member must appear before the Board at the next Board meeting. A minimum 1-year probationary period will be issued with the possibility of additional penalties, up to and including termination of membership per the Club Bylaws.

Serious and severe violations of the Bylaws and Rules may bypass the standard PDP steps and can be considered a final warning. A final warning may be combined with a suspension of the Member from the Club pending an investigation by the Board. In some instances, the disciplined Member may be required to repeat the Safety Orientation Class.
